

WILD MOZAMBIQUE 2026

BUSH & BEACH EXPERIENCE SAFARI, OCEAN
AND LOCAL COMMUNITIES

*A mini-guide to our ethical
and sustainable travels*

♥ AN ETHICAL JOURNEY THROUGH WILD NATURE AND LOCAL COMMUNITIES

This is not just a tour.

It is a ****sustainable, ethical and transformative**** travel experience, created to connect travelers with the ****true essence of Mozambique****.

A journey that alternates moments immersed in the ****pristine nature of the African bush**** with days spent ****in close contact with local communities****, between the ocean and marine conservation projects.

WHAT DO YOU SUPPORT WITH THIS TRIP?

👩 ****School Education**** Help provide meals, materials, and activities for the children at Murronga School.

🐋 ****Marine Conservation**** Support the protection of seahorses and local marine habitats through awareness projects and thanks to our local guides

🇸🇩 ****Community Development**** Support courses, microprojects and activities that offer new opportunities to women and young people in the community

🌍 ****Responsible tourism**** your trip arrives directly in the homes of the local population through collaborations and services created specifically to make your experiences possible

THE THREE SOULS OF THE JOURNEY

ZINAVE NATIONAL PARK THE WILD HEART

Zinave National Park is one of the purest and most remote places in Southern Africa.

Forgotten for decades due to the civil war, it is now being reborn thanks to the rewilding project promoted by ANAC and the Peace Parks Foundation.

We've been visiting it for over four years, at a time when tourism is virtually nonexistent. Starting in 2026, the park will enter a new phase of controlled opening, and our goal is to be at the forefront of promoting ethical, small-scale, and conscious tourism.

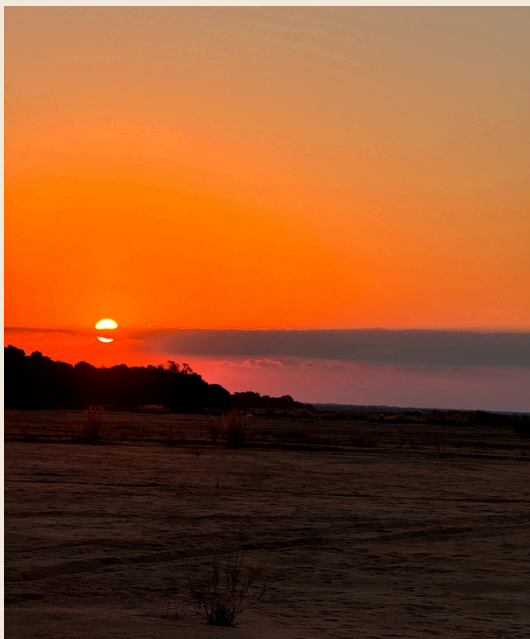

In Zinave, you sleep in a bush camp, nestled between the savannah and the starry sky. There are no lodges or tourist facilities: just tents, silence, and nature.

The experience isn't limited to sightings: we help travelers understand the ecosystem's balance, the work of rangers, and how a true conservation project works.

Every fee and service we pay—entrance fees, tents, vehicles, rangers—is 100% reinvested in the conservation of the park.

Each visit therefore makes a real contribution to the protection of elephants, giraffes, zebras and predators and to the support of neighbouring communities.

 Southwest Mozambique, Inhambane region  3-day bush camp safari, 2 game drives per day with local guides and rangers.

VILANCULOS & ARCHIPELAGO OF BAZARUTO

THE MARINE HEART

Vilanculos is a small fishing town on the coast of Mozambique: quiet, welcoming, still connected to life by the sea and the rhythms of the tides.

From here you reach the Bazaruto Archipelago, a marine park protected for over fifty years, consisting of five islands home to dugongs, turtles, dolphins, and a marine biodiversity unique in the world.

It is one of the most beautiful coastal areas in East Africa: golden dunes, turquoise waters and traditional sailing boats gliding between the islands.

It is also our logistical base between safaris, the place where travelers can relax and breathe in the sweetest Africa, without stress, with the smiles of the seafarers.

In Vilanculos we stay in simple and comfortable local guesthouses and lodges by the sea, selected for their ethics and quality.

For those seeking greater comfort, higher category options are available, always managed by certified local partners.

By choosing to stay here, you support local and responsible tourism, which represents one of the most important resources for the economic and social growth of this region.

WILDPATH PROJECT **THE HUMAN HEART**

The WildPath Project originates in Murronga Bay, about an hour from Vilanculos by 4x4 or traditional boat. It's an area where land and ocean merge: fine sandy beaches, mangroves, calm waters home to seahorses and a wealth of other marine life, and a fishing community that still lives according to almost entirely traditional rhythms.

The project was created to create a participatory conservation model where tourism, nature, and people thrive together.

WildPath operates on several fronts:

- construction and maintenance of community water wells and irrigation systems;
- **support for Murronga primary school, with daily meals and school supplies**
- **training for women and young people, with agricultural and artisanal micro-projects;**
- **protection of the coastal ecosystem, from mangroves to seahorses;**
- **enhancing spirituality and local knowledge, through studies and courses on medicinal plants and animist culture.**

Traveling with us in this part of Mozambique means becoming an active part of this journey.

You don't visit WildPath: you experience it, sharing time, food, and stories with the community, and leaving a tangible mark in the most authentic and respectful way possible.

It is an experience of profound connection, where you learn that the true discovery of Africa comes through the people who protect it every day.

☀ SOLIDARITY WEEK

This experience was created to allow more people to have a transformative experience in Africa, in a non-tourist and authentic context, far from everything we know culturally.

We created this experiential week to open the doors to this project, to introduce it to anyone who wants to do something concrete, learn some of the secrets of this ancestral culture, and overcome preconceptions and false myths about this special land.

It's possible to create individual, group, and customized itineraries based on your interests, the time you have available, and the type of experience you're looking for.

HOW OUR CUSTOMIZED TRIPS WORK

With customizable trips, you can choose your accommodations, departure dates, and modify the duration of your trip, as well as all the experiences and excursions.

N.B. The only constraint is the safari dates which are fixed for logistical reasons. You can add the sea part before and/or after based on your needs and availability.

Below you'll find dates for customizable trips, to which you can add the beach portion before or after.

CHOOSE YOUR SAFARI DATE

 **FLIGHT INFO** The final destination airport is Vilanculos (VNX). Intercontinental flights generally arrive in Maputo (Mozambique) or Johannesburg (South Africa).

From there, there are daily internal flights to Vilanculos, with several local airlines.

Intercontinental flight prices can vary greatly depending on the time of year and the length of your stopover: we recommend checking in advance to find the best fare.

If you want, we can help you find flight deals for your trip at no extra cost.
