THE HEART OF YOUR JOURNEY

The Wild Impact Tour is an experience that leaves a mark.

It is not a simple itinerary, but a path of encounter, listening, and presence.

For five days you will live inside the WildPath Project, where life flows to the rhythm of the community, the tides, the wind blowing through the mangroves, and stories shared around the fire.

Here you will come into contact with a real Africa, made up of strength and fragility, resources and problems, spirituality and everyday life.

An Africa made up of people: women, fishermen, children, young people, each with their own voice and energy.

You will walk with them, you will work with them, you will listen, you will learn.

And in this mutual exchange you will discover new and profound meanings.

During the project you will participate in concrete activities:

the bay and its species to be protected, the work in the small vegetable gardens, the school days, medicinal botany, animist spirituality, traditions, village life.

And in all this, you will be accompanied by those who live here, know it, and care for it.

But this journey does not give up beauty:

will take you to Zinave National Park for an authentic safari, far from mass tourism, and will let you experience the magic of the sea in the islands of the Bazaruto Archipelago, to rediscover lightness, colors, silence, and open spaces.

It is a trip designed for those who, in getting to know Mozambique,

wants to go beyond the surface.

For those who want to understand, feel, participate.

For those who want to return home with a fragment of the soul of this place, with something that remains, that they carry within them and that continues to act.

A journey that transforms, because it focuses on what really matters:

people, nature, time, listening.

**WE ARE WAITING FOR YOU.
BE WILD  BE DIFFERENT.**
